Florida Healthy Kids Provider and Pharmacy Directory

Dear Member,

Enclosed is a current list of doctors. Your primary care physician (PCP) will coordinate your care. If you need a referral, your PCP will give it to you.

Some doctors can't perform some services because of religious or moral beliefs. If there's a change in the doctor's services based on moral or religious beliefs, we will tell you within 90 calendar days after the change.

You can change your PCP at any time. To get the most current list of doctors, call the toll-free number **1-844-528-5815 (TTY: 711)** Monday through Friday 7:30 AM to 7:30 PM ET or visit our website.

Providers who speak another language other than English will list that language. This list shows available language services. Need more info? You can also call providers directly to learn more about these services. All offices should be handicapped accessible. If you are concerned that an office might not be accessible or you would like to confirm handicap accessibility, then contact your provider's office before you go.

New providers may have joined the network
Changes may have happened since this directory was printed. We can't make sure that your provider will always be in our network. Please visit **AetnaBetterHealth.com/Florida** to use the online provider search. It will give you an updated list of network providers.

Questions?
We can provide you with the names of providers and can help you make an appointment. Call Member Services at **1-844-528-5815 (TTY: 711)** Monday through Friday 7:30 AM to 7:30 PM ET. Or visit us online at **AetnaBetterHealth.com/Florida**.
