## Continuity of Care

---

# Continuity of Care

The Statewide Medicaid Managed Care Medical Assistance (SMMC MMA) requirements for COC for new members mandate that we pay for COC services rendered to new enrollees transitioning to Aetna Better Health of Florida.

In the event a new Aetna Better Health of Florida member is receiving prior authorized, ongoing treatment with any provider, including services previously authorized under the fee-for service delivery system or by the enrollee's previous managed care plan, Aetna Better Health of Florida is responsible for the costs of continuation of such treatment.

This responsibility stands without any form of authorization and without regard to whether such services are being provided by participating or nonparticipating providers for up to 60 days after the effective date of enrollment.

## C-Section Deliveries and Rates

---

# Cesarean Section Rates Increasing Worldwide

- The optimal cesarean section rate is unknown, but it varies between facilities because of differences in the obstetric populations attended.
- Over the last decades birth by cesarean section has increased in a sustainable and continuous manner to unprecedented levels worldwide
- Governments and clinicians have expressed concern about the rise in the numbers of cesarean section births and the potential negative consequences for maternal and infant health.
- Target Goal <23.6% (Healthy people 2030 goal )

## Reducing Cesarean Deliveries

- More than half of cesarean deliveries are founded on abnormal labor and abnormal or indeterminate fetal heart rate (FHR) tracings.
- The variation in rates of nulliparous, term, singleton and vertex cesarean births suggest that clinical practice patterns influence the number of cesarean deliveries done.

**Below are the most common indications in order of occurrence are:**

- ✓ Labor dystocia
- ✓ Abnormal or indeterminate (formerly non-reassuring) FHR tracing
- ✓ Fetal malpresentation
- ✓ Multiple gestations
- ✓ Suspected fetal macrosomia

## **Grievance & Appeals**

---

# Grievance & Appeals Summary

**Provider Appeals** = Request to review the denial of or payment on a claim

- **NOTE:** When submitting pre-service requests on behalf of a member you must have written consent. These requests are processed as a member appeals and subject to member appeal timeframes and processes.

**Complaints/Grievances** = Dissatisfaction with anything else not related to a claim

**Interfiling vs. Bundling**

- **Interfiled** = submitting multiple unrelated claim denials for appeal in one packet.
- **Bundling** = a submission of multiple claims with the same denial reason as one appeal. For example, code XXXX denies every time you submit a claim, or all claims for Jane Doe are denied.

**Claim Resubmissions**

- Resubmitted claims = claims that are being resubmitted for reprocessing, including but not limited to corrected claims, hard copy claims that were denied due to missing information

# Appeals Submissions

If you are submitting an interfiled appeal request (multiple unrelated claims) in one mailing you must use physical barriers (elastic, paper clip, binder clip, blank sheet of colored paper etc.) for each claim in the submission.
