

## Aetna Better Health® of Kentucky

Aetna Better Health of Kentucky continually offers trainings to support the paradigm shift in Kentucky where systems align. We offer this education to better support our members and the professionals working with our members. The goal is to ensure better health and wellness outcomes and in turn a better quality of life.

For more information and a calendar of offerings, please visit our events page at:

### November 16

#### Family Finding 90 Minute Overview

Time: 1:00 PM - 2:30 PM

Join Kevin Campbell, Model Author, and Elizabeth Wendel, Family Finding Expert, as they discuss a paradigm shift around participatory healing practice for families in child protection and the science behind the importance of connections.

To register and join this event:

Visit this **WebEx** at the time of the event.

If you have questions, you can reach out to Elizabeth Wendel at **WendelE@aetna.com**.

---

### December 2, 2021

#### High Fidelity WrapAround Overview

given by The National Center for Innovation and Excellence.

1:00pm – 3:00pm EST –

Please join us for a High Fidelity WrapAround Overview given by The National Center for Innovation and Excellence. Wraparound is an intensive, team-based, person-centered care planning and management process. It is not a treatment or service per se. Wraparound is not a process for all; it is applicable and most effective for those with complex needs and histories of extensive and costly service utilization. The wraparound process aims to achieve positive outcomes by providing a structured, creative and individualized team planning process with four specific phases (engagement, plan development, implementation, and transition) that, compared to traditional treatment planning, results in plans that are more effective and more relevant to the child and family.
