Note: Cinqair is non-preferred. The preferred products are Nucala and Xolair.

Patient First Name	Patient Last Name	Patient Phone	Patient DOB

G. CLINICAL INFORMATION *(continued)* – Required clinical information must be completed in its entirety for all precertification requests.

☐ Yes ☐ No Is this infusion request in an outpatient hospital setting?

→ ☐ Yes ☐ No Has the patient experienced an adverse event with the requested product that has not responded to conventional interventions (e.g., acetaminophen, steroids, diphenhydramine, fluids, other pre-medications or slowing of infusion rate) or a severe adverse event (anaphylaxis, anaphylactoid reactions, myocardial infarction, thromboembolism, or seizures) during or immediately after an infusion?

☐ Yes ☐ No Does the patient have severe venous access issues that require the use of special interventions only available in the outpatient hospital setting?

☐ Yes ☐ No Does the patient have significant behavioral issues and/or physical or cognitive impairment that would impact the safety of the infusion therapy AND the patient does not have access to a caregiver?

→ Please provide a description of the behavioral issue or impairment: _____

☐ Yes ☐ No Is the patient medically unstable which may include respiratory, cardiovascular, or renal conditions that may limit the member's ability to tolerate a large volume or load or predispose the member to a severe adverse event that cannot be managed in an alternate setting without appropriate medical personnel and equipment?

→ Please provide a description of the condition:
- ☐ Cardiovascular: _____
- ☐ Respiratory: _____
- ☐ Renal: _____
- ☐ Other: _____

☐ Yes ☐ No Does the patient have a documented diagnosis of asthma?

☐ Yes ☐ No Will the patient receive Cinqair as monotherapy (i.e., without any other asthma medications such as inhaled corticosteroids)?

☐ Yes ☐ No Will the patient be taking Cinqair concomitantly with other biologics indicated for asthma (e.g., Dupixent, Fasenra, Nucala, Xolair)?

For Initial Requests:

Please indicate the patient's baseline (e.g., before significant oral steroid use) blood eosinophil count in cells per microliter: _____

Please indicate the preferred alternatives for asthma that have been ineffective, not tolerated, or are contraindicated: ☐ Fasenra ☐ Nucala ☐ Xolair

☐ Yes ☐ No Is the patient dependent on systemic corticosteroids?

☐ Yes ☐ No Does the patient have inadequate asthma control (e.g., hospitalization or emergency medical care visit within the past year) despite current treatment with both of the following medications: inhaled corticosteroid and additional controller (long acting beta-2 agonist, leukotriene modifier, or sustained-release theophylline) at optimized doses?

For Continuation Requests:

☐ Yes ☐ No Is the patient currently receiving Cinqair through samples or a manufacturer's patient assistance program? (Sampling of Cinqair does not guarantee coverage under the provisions of the pharmacy benefit)

☐ Yes ☐ No Has asthma control improved on Cinqair treatment as demonstrated by a reduction in the frequency and/or severity of symptoms and exacerbations?

H. ACKNOWLEDGEMENT

Request Completed By *(Signature Required):* _____ **Date:** ____/____/____

Any person who knowingly files a request for authorization of coverage of a medical procedure or service with the intent to injure, defraud or deceive any insurance company by providing materially false information or conceals material information for the purpose of misleading, commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties.

The plan may request additional information or clarification, if needed, to evaluate requests.
