ABOUT OUR PLAN

Aetna Better Health has a contract with the West Virginia Department of Human Services (DoHS), formerly called Department of Health and Human Resources (DHHR). It is important to us that you receive quality health care and customer service. Your satisfaction matters to us. The Quality Management (QM) program ensures our services meet high standards of quality and safety. We want to make sure you have:

- The right kind of care
- Easy access to quality medical and behavioral health care

PROVIDER DIRECTORY

The online provider directory is a list of all doctors, hospitals, dental and specialty care practitioners and other providers who work with Aetna Better Health. It is available on our website at **[AetnaBetterHealth.com/WestVirginia/find-provider](https://www.aetna.com/betterhealth.com/WestVirginia/find-provider)**.

The provider directory includes the following information about each provider:

- Name, Address and phone number
- Professional qualifications
- Specialty

If you would like information about a practitioner's education, such as medical school and residency, cultural competency, or board certification, call us. For a printed copy of the Provider Directory please call **1-888-348-2922 (TTY: 711)**. We will mail you a paper-based provider directory within five business days of your request.

CHOOSING YOUR PRIMARY CARE PROVIDER (PCP)

A primary care provider (PCP) is a specific clinician responsible for coordinating your health care needs. For WVCHIP members, your PCP may also be called your Medical Home. Each member of Aetna Better Health chooses a PCP from the Provider Directory. Member Services can help you select a PCP to best fit your needs. If you do not pick a PCP from the Provider Directory, we will choose one for you.

Your PCP's name and office phone number will be listed on your member ID card. If you would like to change your PCP, just give us a call.

If you have a chronic illness, then you may be able to select a specialist as your PCP. Please call Member Services at **1-888-348-2922 (TTY: 711)** to find out.

HOW TO SCHEDULE AN APPOINTMENT

You will visit your PCP for all your routine health care needs. All new members should try to schedule an appointment within 45 calendar days of joining Aetna Better Health. You can schedule your appointments by calling the PCP's office phone number which is on your member ID card. You can call 24 hours a day, seven days a week. If you need help scheduling an appointment, please give us a call.

On the day of your visit, remember to take your Aetna Better Health member ID card. Please show up on time or call to cancel an appointment if you cannot make it. We work with our provider offices to make sure you are seen as close to your appointment time as possible.

Aetna Better Health will ensure hours of operation are convenient and do not discriminate against members. We also have requirements about how long it should take to get certain kinds of care. See the Access and Availability Guide section in this handbook for more information.

CHANGING YOUR PCP

You can change your PCP for any reason at any time. Let us know right away by calling Member Services at **1-888-348-2922 (TTY: 711)** or by going to **[AetnaBetterHealth.com/WestVirginia/members/portal](https://www.aetna.com/betterhealth/westvirginia/members/portal)**. You must choose a PCP who will see new patients.

When you change your PCP, we will send you a new member ID card in the mail. It usually helps to keep the same PCP so he or she can get to you know you and your medical history. It is important to have your medical records sent to your new PCP.

Sometimes PCPs leave our network. If we find out your PCP is leaving, we will let you know by mail within 15 calendar days. We will try to give you 30 calendar days' notice before your PCP leaves. We can assign you a new PCP or you can pick a new one yourself. If we need to assign you a new PCP for another reason, we will let you know.

WHERE TO GET MEDICAL CARE

Please read below to understand what type of care you may need in different situations.

ROUTINE CARE

You should see your PCP for all routine health care visits. Routine visits are when a delay in medical care would not cause a serious problem with your health. Some reasons to get a routine health care visit include checkups, screenings, physicals, and care for diabetes and asthma. You can call your PCP to schedule these visits at any time. You and your PCP should work together to get you the care you need.

- **Well-care Visits** – A well care visit is when you or your child sees a PCP for a preventive visit. These visits are not for treating conditions or diseases, so you should schedule a well care visit even if you do not feel sick. During the appointment, your PCP will review your medical history and health. Your PCP may suggest ways to improve your health, too. You can learn more about well-care visits under the section titled “More Information about Your Health Plan”.
- **Health management** — Visits to manage your health, such as diabetes, asthma, or high blood pressure. These visits are to treat your diseases or help you get better.
- **After Hours Care** – You can reach your PCP even if it is after normal business hours. Just leave a message with your name and phone number. Your PCP or another PCP on call for your PCP will call you back.

We cover medically necessary care given by licensed Aetna Better Health of West Virginia practitioners. You may receive care in the practitioner’s office, a clinic, a health center, or other places needed to treat an illness, injury or disease. You can get care from practitioners and providers listed in the Aetna Better Health of West Virginia Provider Directory.

URGENT CARE

You can visit an urgent care center when you have an injury or illness that needs care right away but is not an emergency. Some examples of when to get urgent care are:

- A sprained ankle
- A bad splinter
- Flu symptoms
- Ear or sinus pain
- A cut that needs stitches

You can schedule an urgent care appointment by calling your PCP. You should explain the medical problem so that your PCP can make your appointment or help you decide what to do.

You can also get urgent care if you are traveling and are too far from your PCP’s office. If you think you might need urgent care when you are away from your home or after hours, you can also call the 24-Hour Nurse Line at **1-855-200-5975 (TTY: 711)**. They can help you decide what kind of care you need.

EMERGENCY CARE

You should get emergency care when you have a very serious and sudden medical problem. An emergency would make someone think he or she needs to be treated right away.

Some examples of an emergency are:

- Severe bleeding that does not stop
- A heart attack or severe chest pain
- Seizures
- Rape
- Coughing up or vomiting blood
- Attempted suicide

You should not go to the emergency room (ER) for things like:

- Minor fevers or colds
- Minor cuts and bruises
- Sprained muscles

If you believe you have a medical emergency, call 911 immediately or go to the nearest ER.

When you get there, show your member ID card. You do not need approval from your PCP or Aetna Better Health. If you are traveling and away from home when you have a medical emergency, go to the nearest ER. You have the right to go to the nearest hospital, even if it is not in our network. If you're not sure what to do, call your PCP or Aetna Better Health at **1-888-348-2922 (TTY: 711)**.

Remember to use the ER only if you have an emergency. You are always covered for emergencies.

If you need to stay in the hospital after an emergency, please make sure Aetna Better Health is called within 24 hours. If you are told that you need other medical care to treat the problem that caused the emergency, the provider must call Aetna Better Health. If you are able, call your PCP to let them know that you have a medical emergency. You will need to schedule follow-up services (called post-stabilization) with your PCP.

For more information about emergency transportation and getting care after an emergency, please see the Mountain Health Trust Covered Benefits tables below.

HOSPITAL CARE

Inpatient Hospital Care

If you do not have an emergency, we must prior authorize your stay before you go to the hospital. You must go to a hospital that is an Aetna Better Health of West Virginia provider. You will be under the care of your PCP or other practitioner recommended by your PCP.

We help manage all hospital stays. We look at the care you get while you are in the hospital. The care is covered as long as there is a medical need for the care. If all or part of the hospital stay is not medically needed, your provider will be told that coverage will end, and you will not be responsible for payment.

Outpatient Hospital Care

Outpatient hospital care is care in a hospital that does not require an overnight stay. It may include tests to find sickness or care to help you heal. If you get an x-ray or have physical therapy in a hospital, that is outpatient hospital care.

You should tell your PCP when you receive outpatient hospital care.

CARE AWAY FROM HOME

Aetna Better Health's service area is the entire State of West Virginia. If you are traveling or out of the service area, you are only covered for emergency services. Routine care out of the service area or out of the country isn't covered by Medicaid or WVCHIP. If you are out of the service area and need health care services, call your PCP. He or she will tell you what to do. (You can also call us to check if you are out of the service area.)

If you are not in West Virginia and you think your life is in danger, go to the closest ER. Show your Aetna Better Health of West Virginia ID card and any other insurance ID cards you have to the ER staff. If your child get services in the ER and are admitted to the hospital, have staff call us at the number on the back of your ID card.

YOUR BENEFITS

You can get many services through Aetna Better Health and others through fee-for-service Medicaid or WVCHIP. For most benefits, you will need to go through your PCP. Some services do not require a referral from your PCP, including behavioral health services. This means that you do not need approval from your PCP. Look in our Provider Directory for the list of providers/practitioners who offer these services. You can schedule the appointment yourself. If you have any questions, we can help. Just call us at **1-888-348-2922 (TTY: 711)**.

COVERED SERVICES

Covered services fall under medical, behavioral, dental, and vision. Your covered services must be medically necessary. You should get these services from providers/practitioners in the Aetna Better Health network. Your PCP should provide covered services or refer you to another practitioner or provider to do so.

NEW TECHNOLOGY FOR MEDICAL PROCEDURES

We are always looking at new medical procedures and methods. We want to be sure members get safe, high-quality care. We have a team of doctors who review new health care technologies. They decide if new technologies should become covered services. (We don't cover things that are investigational or still under research.)

To decide if a new technology will become a covered service, we will:

- Study the purpose of it
- Review medical literature
- Look at the impact and benefits
- Develop rules on how and when to use the technology

GETTING YOUR BENEFITS

REFERRALS AND SPECIALTY CARE

Sometimes you may need care from a specialist. Specialists treat certain diseases and special types of conditions, including behavioral health or substance use concerns. Your PCP can recommend a specialist or behavioral health care provider to you. You don't need a formal referral from your PCP as long as the specialist is in our provider network.

Female members have direct access to an Aetna Better Health women's health specialist for routine and preventive care. Women's health specialists include, but are not limited to, obstetricians, gynecologists and certified nurse midwives. Routine or preventive care include covered services such as breast exams, mammograms, pap tests and prenatal care. You do not need an OK from your PCP or permission from us. You must go to an Aetna Better Health practitioner in order for your service to be covered, except for emergency services or family planning services. You can use any family planning provider for family planning services.

Let your PCP know if you visit a specialist, so they can support your care. If you need help finding a specialist, please call us at **1-888-348-2922 (TTY: 711)** or visit **[AetnaBetterHealth.com/WestVirginia/find-provider](https://www.aetna.com/betterhealth/westvirginia/find-provider)**.

SERVICE AUTHORIZATIONS

If you need to see a practitioner/provider who is not in our network, your PCP must ask Aetna Better Health for approval. Asking for an out-of-network referral is called a service authorization request. It is important to remember that your PCP must ask us for approval before you see an out-of-network practitioner/provider. You or your PCP can call Member Services at **1-888-348-2922 (TTY: 711)**. If you are approved to see a practitioner or provider who is outside of our network, the visits will be covered. If we do not approve a service authorization we will send you a written notice. You can appeal the decision.

PRIOR AUTHORIZATIONS

Sometimes you may need certain services or treatments that require approval. Before you get this type of care, your practitioner or provider must ask our Prior Authorization team. If we do not approve a prior authorization we will send you a written notice. You can appeal the decision.

We give prior authorizations to Aetna Better Health practitioners or providers when you need health care, drugs or supplies that are medically needed. Your practitioner or provider needs to call us at least two (2) working days before the scheduled care. However, earlier notification helps the review process. We may ask to see written notes showing that the care is medically needed before prior authorization.

Our Prior Authorization team is available from 8:30 AM - 5 PM (ET) Monday through Friday. If you have questions, call us at **1-888-348-2922 (TTY: 711)**. After normal business hours, you may leave a message, and someone will return your call the next business day.

Prior authorization is required before you receive care for the services listed below:

- Home health care (except behavioral health)
- Rehabilitative Services: Physical, Occupational, or Speech Therapy
- Chiropractic care
- Durable medical equipment (DME)
- Polysomnograms (Sleep Apnea Studies)
- Genetic testing
- Pain management services
- Computerized Tomography (CT scan)
- Magnetic Resonance Imaging (MRI)
- Magnetic Resonance Angiogram (MRA)
- Positive Emission Tomography (PET Scan)
- Inpatient hospital care
- Outpatient surgery
- Intensive outpatient behavioral health services
- Partial hospitalization
- Psychiatric residential treatment facility care
- Services from a non-participating provider (except emergency services and family planning)

This list is not intended to be all inclusive. If you have any questions, call Member Services at **1-888-348-2922 (TTY: 711)**.

OUT-OF-NETWORK SERVICES

If our network is unable to provide certain covered services, you may get out-of-network services. You can go to a practitioner or provider outside the Aetna Better Health network only if:

- (1) the care is needed; and
- (2) there are no Aetna Better Health practitioners or providers who can give you the care you need.

We will help you get out-of-network services if the care is needed. We have the right to say where the out-of-network services can be given. The care must be preauthorized before your visit. Your PCP or the practitioner that wants to give you the care should ask for this prior authorization.

If we have approved care outside our network, the cost will be no greater than it would be if you received the services within our network. We will coordinate payment for the care. You can continue to get the approved care outside our network as long as there are no Aetna Better Health providers that can provide the needed care. Services will be provided in an adequate and timely manner. If you have questions, call Member Services at **1-888-348-2922 (TTY: 711)**.

COST SHARING

Cost sharing is the money you pay for your medical costs. Co-payments (or co-pays) are what you pay at the time of service. Some members also pay monthly payments, called premiums. Medicaid members do not have premiums.

Please see the separate cost sharing sections for Medicaid and WV CHIP below.

Federal regulations exempt Native Americans and Alaskan Natives from cost sharing. This exemption can be claimed by calling **1-877-982-2447** to declare your tribal designation and confirm that it is listed as a federally recognized tribe.

Cost Sharing for Medicaid

Whenever you see your PCP or a practitioner/provider you were referred to in our network, you are not responsible for any costs except the co-payment. The amount of the co-payment will change depending on the service and the Federal Poverty Level (FPL). Please see the table below for more details.

Co-payments will be collected for:

- Your household co-pay maximum is based on your household income per quarter
- Once you meet the copay maximum, you will not pay co-pays for the rest of the quarter
- You will start each quarter with zero dollars in copays

ADVANCE DIRECTIVES

Under Federal and State law, members age 18 and older have the right to make decisions about their medical care, including an advance directive. An advance directive is legal document with your wishes regarding medical treatment. It allows you to plan ahead and make decisions about your health. An advance directive is a way to let your doctors know what kind of treatment you do or do not want if there comes a time when you are too sick to make your decisions known. You can also allow someone you trust to make treatment decisions for you. Many people choose a relative or someone they know well.

You should speak with your doctor about making an advance directive. You do not have to fill one out, but you may want to. If you decide to let someone you trust make treatment decisions for you, be sure to speak with that person. Making an advance directive requires filling out forms and stating your wishes in writing. You will need to sign and date your advance directive and have two witnesses sign it. You should keep a copy of your advance directive and be sure your doctor also has a copy. The advance directive will become part of your medical records. Remember, you can change your advance directive at any time.

Your doctor can help you complete an advance directive or answer questions you may have. For a copy of an advance directive form, call us at **1-888-348-2922 (TTY: 711)**.

THIRD PARTY LIABILITY

If you have insurance other than Medicaid or WVCHIP, please call and let us know. Please also let us know if another insurance company has been involved with your:

- Worker's compensation claim
- Personal injury
- Medical malpractice lawsuit
- Car accident

You must use any other health insurance you have first before using Medicaid or WVCHIP.

BALANCE BILLING

Your provider must accept assignment of benefits and cannot bill you for any charges above the fee allowance or for any discount amount applied to a provider's charge to determine payment. This is known as the "prohibition of balance billing" and applies to any MHT provider.
